INTRODUCTION

Dear customer!

Your new GreenTec machine is constructed with background in more than 20 years experience with tractor mounted machines to maintenance of green areas. This machine is produced by the latest technology and recognized safety regulations, standards and regulations.

We want to make a product available in such a way, that neither the use of the machine during transportation or maintenance of the machine causes any damage or misunderstandings.

This parts list contains information that are important and useful for maintaining your GreenTec machine's reliability, dependability and value.

You are welcome to visit our website www.greentec.eu - where the login via the dealer's access gives you the latest updates on instructional and part books on our entire product range.

We hope, you will be pleased with your new GreenTec machine.

Best regards,

John Christensen
Sales Director GreenTec A/S

GreenTec's vision is to develop and sell quality machines for the maintenance of green areas, including in agriculture, in industry, at airports and in the local sector. Through innovative product development, we will strive to become a leader in our field.

All machines are developed in a simple and functional design in close cooperation with dealers and end users. It is our goal to cover every need in the market segment with preferably 2 different solutions. In-depth analysis of requirements and serious advice to the customer is offered the best solution, where individual needs can be met through the modularity of the product program.

Our goal is also to offer the best possible after sales service, and a quick and efficient spare parts supply.

USEFUL INFORMATION

Before using the machine for the first time, it's the seller's responsibility that the buyer is given this parts list. If the machine is resold, the parts list must be transferred to the new owner.

Please fill out the list below to ensure that the necessary information is at hand when ordering spare parts etc.

ORDERING PARTS

When ordering parts please refer to your parts list to help your dealer with your order.

- Part number and quantity
- Description
- Machine model number
- Serial number of the machine
- Delivery instructions (e.g. next day).

Delivery is normally via carrier direct to your dealer. Please check with your dealer for stock availability and arrangement of dispatch. Ensure you or your dealer has sufficient cover for parts requirement outside factory hours.

Important Note

The information contained in this manual is correct at the time of publication. However, in the course of constant development, changes in specification are inevitable. Should you find the information given in this book different to the machine it relates to, please contact the "After Sales Department" for advice.

Piston motor info

Motor som reservedel / Motor als Ersatzteil / Motor as sparepart

DK: Nye motorer leveres uden overtryksventil. Afmonter den fra tidligere motor. Monter den i samme side som den tidligere var monteret. På LRS save, mod midten. Udvis omhu ved montage. Brug IKKE luftværktøj.
HUSK !!!!! Spæd motor op med olie inden opstart. Ca. 1 dl.

D: Neue Motor wird geliefert ohne Überdrucksventil. Nehmen Sie es von Frühere Motor. Montieren Sie es von gleiche Seite als früher. An LRS Säge, Richtung Mitte. Achten Sie beim Einbau. Verwenden Sie KEINE Druckluft-Werkzeuge.
Achtung !!!!! Immer Motor mit Öl füllen bevor Start. Etwa. 1 dl.

GB: New motors is always delivered without reliefvalve. Use the one from earlier motor. Mount it in the same side as earlier. On Quadsaw, pointing against centre. Take care when mounting and, DO NOT use air tools.
Warning !!!!! Fill motor with oil before starting it. Roughly 1 dl.
