INTRODUCTION

Dear customer!

Your new GreenTec machine is constructed with background in more than 20 years' experience with tractor-mounted machines to maintenance of green areas. This machine is produced by the latest technology and recognized safety regulations, standards and regulations.

We want to make a product available in such a way, that neither the use of the machine during transportation or maintenance of the machine causes any damage or misunderstandings.

This parts list contains information that are important and useful for maintaining your GreenTec machine's reliability, dependability and value.

You are welcome to visit our website www.greentec.eu - where the login via the dealer's access gives you the latest updates on instructional and part books on our entire product range.

We hope you will be pleased with your new GreenTec machine.

Best

A handwritten signature in blue ink, appearing to read "John Christensen".

John Christensen
SalesDirector GreenTec

GreenTec's vision is to develop and sell quality machines for the maintenance of green areas, including in agriculture, in industry, at airports and in the local sector. Through innovative product development, we will strive to become a leader in our field.

All machines are developed in a simple and functional design in close cooperation with dealers and end users. It is our goal to cover every need in the market segment with preferably two different solutions. In-depth analysis of requirements and serious advice to the customer is offered the best solution, where individual needs can be met through the modularity of the product program.

Our goal is also to offer the best possible after sales service, and a quick and efficient spare parts supply.

USEFUL INFORMATION

Before using the machine for the first time, it's the seller's responsibility that the buyer is given this parts list. If the machine is resold, the parts list must be transferred to the new owner.

Please fill out the list below to ensure that the necessary information is at hand when ordering spare parts etc.

ORDERING PARTS

When ordering parts please refer to your parts list to help your dealer with your order.

- **Part number and quantity**
- **Description**
- **Machine model number**
- **Serial number of the machine**
- **Delivery instructions (e.g. next day).**

Delivery is normally via carrier direct to your dealer. Please check with your dealer for stock availability and arrangement of dispatch. Ensure you or your dealer has sufficient cover for parts requirement outside factory hours.

Important Note:

The information contained in this manual is correct at the time of publication. However, in the course of constant development, changes in specification are inevitable. Should you find the information given in this book different to the machine it relates to, please contact the “After Sales Department” for advice.

12	5000303	Oil seals, solid	1
21	5000299	Dustcover	1

The Tiger rotary mower features both clockwise and counterclockwise rotors to ensure residue is evenly cut, mulched and distributed.

The direction of the rotor is described as the direction of rotation looking at the rotor from directly above the machine. It is important to identify the correct rotor when ordering and fitting new blades.

Rotor Directions and Compatible Blades:

Rotor Icon	Descriptor	Compatible Blades
CCW MR 	Counter Clockwise Rotor Direction (CCW) - Main Rotors	High Lift Blade Long Right – 6703621R Mulcher Blade Long Right – 6703622R Recycler Blade Long Right – 6703623R
CW MR 	Clockwise Rotor Direction (CW) – Main Rotors	High Lift Blade Long Left – 6703621L Mulcher Blade Long Left – 6703622L Recycler Blade Long Left – 6703623L
CCW OR 	Counter Clockwise Rotor Direction (CCW) – Outer Rotors (725)	High Lift Blade Short Right – 6703676R Mulcher Blade Short Right – 6703677R Recycler Blade Short Right – 6703678R
CW OR 	Clockwise Rotor Direction (CW) – Outer Rotors (725)	High Lift Blade Short Left – 6703676L Mulcher Blade Short Left – 6703677L Recycler Blade Short Left – 6703678L

For further details on blade configuration, please refer to the parts book.
